Web Site:

Business started in 2004

### Services

«Consult-unity» offers services to students in three main fields: Work, Internship and Education abroad. Regarding the price of Work and Travel USA program the price can be changed and it depends on the services that we offer. If a student wishes, we can add to the obligatory payments of the program the following sums: the cost of the contract with an American employer (students which take part in this program second time have no need in this service), American provider Spirit Cultural Exchange helps us to place our students and determines the cost of the contract. Also to the price of the program could be added the cost of the insurance from impossibility to continue participation in the Program, this insurance is provided by “Uralsib” insurance company, the partner of which we are.

### Fees

The cost of the program Work & Travel USA 2008 – 25 800 rubles, this cost is included all fees, including SEVIS fee, Visa fee, fee for the international student card - ISIC, additional payment must be made for air ticket.

If a student does not obtain a visa all fees are refunded to this student except the actual expenditures which have been made by receiving DS-form, SEVIS fee, Visa fee. But if the student wishes he can insure all these fees, in this case he will be refunded the entire sum that he has paid except the cost of this insurance.

### Other Services

All students registered in this program though «Consult-unity» and American provider «Spirit Cultural Exchange» must pass two orientation meetings. The first is in Moscow, the second is in New York or in Chicago, it depends on the date that the student has chosen. During the orientation in Moscow the students will be informed in details about the route from the international airport to the hostel, where the orientation is. This route is described in the manual, which is given to each student before departure by American provider and also in the manual in Russian that is prepared by the coordinators of the Program of Consult-unity. If the students cannot get to the hostel they will contact American Provider by emergency phone and they will be consulted according to their actions in the following situation. Accompanying of the student groups by the coordinators of «Consult-unity» can be practiced if there is such recommendation from the US Embassy.

«Consult-unity» meets its' obligations to the students till the end of the program; in this case we

always contact our students during the program. If there are any difficulties we ask American provider «Spirit Cultural Exchange» to find out the situation & one of the coordinators of «Spirit Cultural Exchange» comes to the place immediately to solve the problem. These coordinators also systematic visit the students to check & control the situation.

If a student informs us of problems with the work conditions or housing, the American provider «Spirit Cultural Exchange» will send his coordinator to the place to estimate the situation in objective way. If the student is right the coordinator tries to regulate this situation with the employer. If the employer cannot change the conditions «Spirit Cultural Exchange» will offer another contract to the student without any additional payments from the student.
